Condizioni generali di vendita

Le presenti condizioni generali disciplinano tutti gli attuali e futuri contratti fra le parti, salvo eventuali deroghe specificatamente concordate per iscritto. Eventuali condizioni generali del compratore non troveranno applicazione nei rapporti futuri tra le parti se non espressamente accettate per iscritto dalla ditta Nuova Osmo.

1. Formazione del contratto

L'invio da parte del compratore di un ordine al venditore comporta l'applicazione al contratto di vendita delle presenti condizioni generali. Il venditore si riserva il diritto di accettare o rifiutare l'ordine ricevuto. Le offerte fatte da agenti, rappresentanti ed ausiliari di commercio del venditore non sono per lui impegnative fino a quando non siano confermate dal venditore stesso.

2. Prezzi

Ai prezzi indicati nel presente listino deve essere applicata l'I.V.A. secondo l'aliquota in vigore al momento della fatturazione. Il venditore si riserva di modificare i prezzi, o variare il listino prezzi senza alcun preavviso.

3. Resa della Merce

Salvo patto contrario, la fornitura dei prodotti si intende Franco Fabbrica del venditore: trasporto ed assicurazione sono pertanto a carico del compratore e ciò anche quando sia convenuto che la spedizione o parte di essa venga curata dal venditore, nel qual caso quest'ultimo agirà come mandatario del compratore, essendo inteso che il trasporto verrà effettuato a rischio del compratore.

I rischi relativi alla fornitura passano al compratore al momento in cui i prodotti lasciano lo stabilimento del venditore.

4. Termini di consegna

I termini di consegna si intendono approssimativi a favore del venditore e comunque con un congruo margine di tolleranza.

È esclusa qualsiasi responsabilità del venditore per danni derivanti da anticipata, ritardata o mancata consegna, totale o parziale.

Il compratore è sempre tenuto a prendere in consegna i prodotti, anche in caso di consegne parziali e quando i prodotti vengano consegnati prima o successivamente alla data di consegna stabilita. Il termine di consegna verrà prorogato di un periodo pari a quello della durata dell'impedimento al verificarsi di cause di forza maggiore. In nessun caso, a causa del verificarsi di tali circostanze, il compratore potrà esigere compensi o indennizzi di qualsiasi natura.

5. Garanzia

Il venditore garantisce la conformità dei prodotti forniti; con il termine di conformità dei prodotti si intende che essi corrispondono per qualità, quantità e tipo a quanto stabilito nel contratto e che sono esenti da vizi che potrebbero renderli non idonei all'uso cui sono destinati. La garanzia per vizi è limitata ai soli difetti dei prodotti conseguenti a difetti di progettazione, di materiale o di costruzione riconducibili al venditore e non si applica nel caso in cui il compratore non provi di aver effettuato una corretta conservazione dei prodotti e di non averli modificati senza il consenso del venditore. Il venditore non risponde dei difetti di conformità dei prodotti dovuti all'usura normale di quelle parti che, per loro natura sono soggette a usura rapida e continua.

6. Reclami

Il compratore è tenuto a verificare la conformità dei prodotti e l'assenza di vizi. I reclami relativi a non conformità dei prodotti forniti dovranno essere effettuati, a pena di decadenza, entro e non oltre quindici giorni dal ricevimento della merce a destino. I vizi, difetti o non conformità occulti devono essere denunciati immediatamente alla loro scoperta e comunque, a pena di decadenza, entro e non oltre sei mesi dalla data di consegna. Tutti i reclami devono essere effettuati mediante lettera raccomandata indirizzata al venditore e devono indicare dettagliatamente i vizi e le non conformità contestate. La garanzia ha una durata di sei mesi.

7. Rimedi

In caso di prodotti non conformi, e dopo aver ricevuto un rapporto dettagliato dal compratore, il venditore potrà, a sua insindacabile scelta:

- a) fornire gratuitamente Franco Fabbrica al compratore prodotti dello stesso genere e quantità di quelli risultanti difettosi o non conformi a quanto pattuito, dopo averne ottenuto la resa per la verifica. L'eventuale sostituzione effettuata prontamente dal venditore non può essere ritenuta un implicito riconoscimento dei vizi contestati: detto riconoscimento dovrà essere sempre esplicito e conseguente al controllo del venditore sui prodotti contestati. Qualora il venditore, in sede di verifica, non riconosca viziati i prodotti, provvederà alla fatturazione di quelli inviati in sostituzione.
- b) emettere una nota di accredito a favore del compratore per un importo corrispondente al valore dei prodotti difettosi.

In entrambi i casi il venditore ha diritto alla restituzione dei prodotti difettosi, che diventano di sua proprietà.

8. Limitazione di responsabilità del venditore

Salvo dolo o colpa grave del venditore, l'eventuale risarcimento di qualsiasi danno al compratore non potrà comunque superare il prezzo di fattura dei prodotti contestati.

9. Pagamento

I pagamenti ed ogni altra somma dovuta a qualsiasi titolo al venditore si intendono netti al suo domicilio. Qualsiasi ritardo o irregolarità nel pagamento dà al venditore il diritto di sospendere le forniture o di risolvere contratti in corso, anche non relativi ai pagamenti in questione, nonché il diritto al risarcimento degli eventuali danni. Il venditore ha altresì il diritto a decorrere dalla scadenza del pagamento, agli interessi moratori nella misura stabilita in Italia dall'articolo 5 del Decreto Legislativo 9 Ottobre 2002, n° 231. Il ritardo nei pagamenti dà altresì al venditore il diritto di escludere la garanzia per tutto il periodo durante il quale il ritardo perdura.

10. Riserva di proprietà

I prodotti consegnati restano di proprietà del venditore sino al momento del completo pagamento del prezzo.

11. Legge applicabile e foro competente

Tutti i contratti disciplinati dalle presenti condizioni generali sono regolati dalla legge italiana.

Per ogni controversia relativa o comunque collegata ai contratti cui si applicano le presenti condizioni generali è esclusivamente competente il foro del venditore: quest'ultimo avrà tuttavia facoltà di agire presso il foro del compratore.

General conditions for sale

These general conditions regulate all present and future sales contracts between the parties, subject to any exceptions specifically agreed upon in writing. Any general conditions of the purchaser will not apply to future contractual relations between the parties unless expressly accepted in writing by Nuova Osmo.

1. Formation of the Contract

The purchaser placing the order fully accepts the application of these general terms to the contract for sale. Seller reserves the right to accept or refuse it. Offers made by Agents, Representatives or auxiliaries of the seller do not bind him until they are confirmed by the seller itself.

2. Prices

The prices indicated in this price list do not include V.A.T. or any other tax whatsoever. Seller may modify the prices / price list without prior notice.

3. Surrender of the goods

Unless agreed to the contrary, the supply of the products is intended ex-factory; transport and insurance are therefore at the charge of the purchaser, this also when it is decided that the delivery or part of it will be taken care of by the seller, in which case the latter will act as the purchaser's agent, it being understood that the transport will be carried out at the expense and risk of the purchaser. The risk relative to the supply pass to the purchaser, at the latest at the time in which the products leave the seller's plant.

4. Delivery terms

The delivery limits are agreed approximately in favour of the seller and not binding for him. Any liability of the seller is excluded for damage deriving from anticipated, delayed or non delivery, total or partial.

The purchaser is always held to take delivery of the products, even in the case of partial deliveries and even when the products are consigned before the established delivery date of successively to that date.

The seller shall not be deemed to be in breach of this agreement, or otherwise be liable to the purchaser, by reason of any delay in delivery, to the extent that the delay is due to any Force Major, and the time for performance of delivery shall be extended accordingly.

5. Guarantee

The seller guarantees the compliance of the products supplied; by the term compliance of the products it is meant that they correspond in quality, quantity and type to what was agreed in the contract and that they are without defects that could render them unfit for the use to which they are intended to be put. The guarantee against defects is limited only to product defects due to defects in planning, materials or construction that can be attributed to the seller, and does not apply in the case where the purchaser is unable to prove a correct preservation of the product and where he has modified them without the agreement of the seller. The seller is not liable for defects in product compliance due to the normal wear of those parts which, by nature, are subject to rapid and continuous wear and tear.

6. Claims

The purchaser is required to control the compliance of the products and the absence of flaws.

Claims relevant to non-conformities of the goods must be made, on pain of forfeiture, within and not later than fifteen days from the goods arrival at their place of destination.

Hidden flaws, defect or non-compliances must be reported immediately after the discovery and in any event, on pain of forfeiture, not later than six months from the delivery date.

Claims must be made by registered letter, addressed to the seller and must describe in detail the flaws or disputed non-compliances. The guarantee is for a limited period of six months from delivery date.

7. Remedies

In case of faulty products and following to a report by the purchaser, the seller may at his discretion:

- a) supply ex-factory to the purchaser products of the same kind and quantity as those that proved not in compliance, on receiving returns for checking. Any replacement carried out promptly by the seller cannot be considered as implicit recognition of defects claimed: said recognition must always be explicit and following control by seller on goods challenged: should the seller, on controlling, find the goods in compliance, he will invoice for those sent in replacement;
- b) issue to the purchaser a credit-note in the amount equal to the value of the defective products.

In both cases the purchaser shall return the faulty products to the seller.

8. Limit of the seller's liability

Except in the case of fraud or gross negligence on the seller's part, compensation of any damage to the purchaser will not, in any event, be greater than invoice price of the disputed products.

9. Payments

The payment and every other sum due to the seller, are understood as net at the registered office of the seller.

Any delay or irregularity in the payment gives the seller the right to suspend the supply or to cancel the contract in course, even if they are not relevant to the payment in question, as well as the right to the compensation for eventual damages. The seller has also the right – starting from the payment deadline – to interests for delay as per art. 5 of Italian Legislative Decree no. 231 of 09/10/2002. The delays of payment likewise give the seller the right to exclusion from guarantee, for the whole period that the delay may persist.

10. Retention of Title

The delivered products remain the seller's property until the moment of the complete payment of the price.

11. Applicable Law and Competent Law-Court

All contracts ruled by these general conditions are submitted to Italian Law. For any controversy relative to, connected to the contractual products to which these general conditions apply, the seller's Law-Court has the exclusive competence: the latter, however, will have the opportunity to act also in the purchaser's Law-Court.

Conditions générales de vente.

Les présentes conditions générales disciplinent tous les contrats actuels et futurs entre les parties, sous réserve des exceptions convenues par écrit. Toutes les éventuelles conditions générales de l'acheteur ne trouveront pas d'application dans les relations futures entre les parties si non expressément acceptées par écrit par la société Nuova Osmo.

1. Formation du contrat

L'envoi par l'acheteur au vendeur d'une commande entraîne l'application au contrat de vente des présentes conditions générales. Le vendeur se réserve le droit d'accepter ou de refuser l'ordre reçu. Les offres faites par les agents, représentants et intermédiaires commerciaux du vendeur ne contraignent le vendeur que dès lors qu'elles sont confirmées par le vendeur lui-même.

2. Prix

Aux prix indiqués dans cette liste de prix doit être appliquée l'I.V.A au taux en vigueur au moment de la facturation. Le vendeur se réserve le droit de modifier les prix, ou de modifier la liste de prix sans aucun préavis.

3. Marchandise rendue

Sauf si contrairement convenu, la fourniture des produits s'entend départ usine du vendeur: transport et assurance sont pour autant à la charge de l'acheteur et ceci même lorsqu'il est convenu que l'expédition du lot ou d'une partie de celui-ci est préparée par le vendeur, dans ce cas, ce dernier agira comme représentant de l'acheteur, entendu que le transport sera effectué au risque de l'acheteur. Les risques relatifs à la fourniture passent à l'acheteur dès que la marchandise quitte l'usine du vendeur.

4. Termes de livraison

Les délais de livraison s'entendent approximatifs en faveur du vendeur et en tout cas avec une marge de tolérance raisonnable. Toute responsabilité du vendeur est exclue pour dommages dérivant de livraison anticipée, retardée ou manquée de façon totale ou partielle. L'acheteur est toujours tenu à prendre les produits livrés, même en cas de livraisons partielles et lorsque les marchandises sont livrées avant ou après la date de livraison prévue. La date de livraison sera prolongée d'une période égale à la durée de l'empêchement à l'apparition de causes de force majeure. En aucun cas, à cause de survenance de telles circonstances, l'acheteur ne pourra prétendre à indemnisation ou remboursement de quelque nature.

5. Garantie

Le vendeur garantit la conformité des produits fournis; avec le terme conformité des produits il est entendu que ces produits correspondent en qualité, quantité et type à ce qui est établi dans le contrat et qu'ils sont exempts de défauts qui pourraient les rendre impropres à l'usage auquel ils sont destinés.

La garantie pour les défauts est limitée aux défauts des produits résultants de défauts de conception, de matériaux ou de fabrication imputables au vendeur, et n'est pas applicable dans le cas où l'acheteur ne prouve pas qu'il a correctement conservés les produits et qu'il ne les a pas modifiés sans le consentement du vendeur. Le vendeur ne répond pas des défauts de conformité des produits qui sont dus à l'usure normale des pièces qui, de par leur nature, sont soumises à une usure rapide et continue.

6. Plaintes

L'acheteur est tenu de vérifier la conformité des produits et l'absence de vices. Les plaintes relatives à non-conformité des produits fournis doivent être faites, sous peine de déchéance, au plus tard dans les quinze jours qui suivent de la réception à destination des marchandises. Les vices, défauts ou de non-conformité cachés doivent être signalés immédiatement à leur découverte et, en tout cas, sous peine de déchéance, au plus tard dans les six mois à compter de la date de livraison. Toutes les plaintes doivent être faites par lettre recommandée adressée au vendeur et doivent indiquer de façon détaillée les vices et les non-conformités contestés. La garantie a une durée de six mois.

7. Recours

En cas de produits non conformes, et après avoir reçu un rapport détaillé de l'acheteur, le vendeur peut, à sa seule discrétion:

- a) fournir gratuitement à l'acheteur en départ usine des produits de même nature et quantité que ceux résultants défectueux ou non conformes à ce qui avait été établi, après en avoir obtenu le rendement pour vérification. Tout éventuel remplacement effectué sans délai par le vendeur ne peut pas être considérée comme une reconnaissance implicite des défauts contestés: la dite reconnaissance devra toujours être explicite et conséquente au contrôle de la part du vendeur des produits contestés. Si le vendeur, après vérification, ne reconnaît pas de défaut qui lui soit imputable sur les produits, il facturera les produits envoyés en substitution;
- b) émettre une note de crédit en faveur de l'acheteur pour un montant correspondant à la valeur des produits défectueux. Dans les deux cas, le vendeur a le droit à la restitution des produits défectueux, qui deviennent de sa propriété.

8. Limitation de responsabilité du vendeur

Sauf intention ou faute grave du vendeur, l'éventuelle compensation de tout dommage à l'acheteur ne pourra en aucun cas dépasser le prix facturé des produits contestés.

9. Paiement

Les paiements et toute autre somme due à quelque titre que ce soit au vendeur, s'entendent nets à son domicile. Tout retard ou irrégularité dans le paiement donne au vendeur le droit de suspendre les livraisons ou de résilier les contrats en cours, même s'ils ne sont pas relatifs aux paiements en question, ainsi que le droit à l'indemnisation des dommages. Le vendeur a également droit, à partir de la date d'échéance du paiement, aux intérêts de retard dans la mesure établie à l'article 5 du décret législatif italien 9 Octobre 2002 n° 231. Le retard de paiement donne également au vendeur le droit d'exclure la garantie tout au long de la période durant laquelle le retard persiste.

10. Réserve de propriété

Les produits livrés restent sous la propriété du vendeur jusqu'à complet paiement du prix.

11. Loi applicable et juridiction

Tous les contrats disciplinés par ces conditions générales présentes sont régies par la loi italienne. Tout litige dérivant de, ou relié à des contrats auxquels s'appliquent ces conditions générales est sous la compétence exclusive de la juridiction du vendeur: ce dernier aura toutefois la faculté d'agir dans la juridiction de l'acheteur.
